JUSTIFICATION FOR USE OF NON-COMPETITIVE PROCESS

The County requires submitting departments to provide a business case which includes specific details supporting the contract/purchase being made.

As a consequence, departments need to provide detailed information justifying any purchases to be made non-competitively. The County has developed a justification packet for completion. If submitting a request for a non-competitive purchase, the department must complete this form, and attach it (along with supporting documentation) in the procurement software system.

A review of the contract/purchase request will not be completed without a signed completed justification packet uploaded as an attachment when submitting the contract/purchase request in the procurement software system. It is critically important, and incumbent upon the department to fully and accurately complete the form in order to avoid any lengthy and unnecessary delays in processing the contract/purchase request.
